

Get to know...

CLOUD & CONSUMPTION

WHAT WE DO

We provide **consulting and solutions** to help you understand and evaluate the various technology consumption models: Cloud, On-Prem, Hybrid, XaaS.

TECHNOLOGY / BUSINESS CONSULTING

VOX technologists and consultants help our clients align their vision, strategies and tactics with the right technology platforms and consumption models to enable business growth and drive organization prosperity.

HIGHLIGHTS

- Platform Consumption Review
- Cloud Strategy
- Unified Communications (UCaaS)
- Contact Center (CCaaS)
- Video & Collaboration (VCaaS)

METHODOLOGY

As part of the VOX Lifecycle, we have developed an industry leading approach to understanding your business goals and drivers, and how those align with the consumption of technology. Simply put, we help you understand how and when to leverage each technology consumption platform (On-Prem, Cloud, Hybrid, XaaS) based upon your unique business scenario.

HYBRID

XaaS

APPROACH

The experts at VOX can help you understand today's evolving technology platforms in order to create:

1. **An Actionable, Business-Enabling Enterprise Infrastructure Strategy**
2. **A Tactical Solutions Roadmap & Plan**
3. **A Comprehensive Engagement Team to Ensure Your Success**

For years we have helped our clients align their vision with the right technologies that drive growth and prosperity. Let us help you gain insight and leverage the right resources to fuel your organization to new heights.

“living a true cloud strategy is a key ingredient to digital transformation”

We help you prosper.
